## Education

The level of education of our workforce is a critical factor for economic and community development. It often provides insight into the skill levels of a local area. The metrics provided here focus on the attainment of degrees and high school graduates' higher education intent. The type of work (occupations) residents perform can also assist in understanding skill levels.

Educational Attainment				
	1970	1980	1990	2000
Total Population 25 and Older	N/A	N/A	6,625	7,066
